

**Short Summary:**

**Loon Point**

In an isolated lake resort in northern Minnesota, during a surprise spring snowstorm, a lonely middle-aged Norry finds a freezing eight-year-old girl and a cranky hoarder on her doorstep. The girl's mother is getting high. The septuagenarian's roof has collapsed. Norry must decide whether she will open her door—and her heart—to the complications and heartache these two strangers will bring.

**Theme:**

**Loon Point** is an uplifting, feel-good story about found family that captures the humor and empathy of Carrie's weekly column, **The Postscript**, and champions the idea that it is never too late to reinvent oneself in unexpected and fulfilling ways.

**Longer Summary:**

**Loon Point**

Wendell is a 72-year-old hoarder whose roof and identity are threatening to collapse on his head. Lizzie is an 8-year-old whose mom is taking pills. Both Wendell and Lizzie are running out of options by the time they get to the Last Resort. Perched on the lakeshore at the end of Loon Point, the Last Resort is owned and operated by the practical (and occasionally lonely) Norry Last.

Deep in the remote lake country of northern Minnesota, Loon Point appears to the outsider as nothing more than an unincorporated town—a ragtag cluster of seasonal cottages and log cabins sprinkled along the lakeshore. In reality, Loon Point is a special place where healing happens, profound changes occur, and miracles transpire regularly.

Told with light humor and deep empathy, **Loon Point** is an uplifting, feel-good story about Loon Point and those who find themselves at the Last Resort.
